

Strengthening each other in faith

The small group midweek experience was launched by our District Apostle Kolb as part of Stepping Forward. Members in Christ come together during the week to keep alive what the Holy Spirit has moved within us during the Sunday Divine Service. It is an opportunity for each of us to actively participate in discussing our experiences of faith through the vehicle of timely, thoughtful, and meaningful spiritual topics presented by ministers from across the U.S. We each derive and provide strength as engaged participants. Gathering in a small group offers a safe and supportive setting to share and grow our faith; a time for us to uplift each other in our struggles and rejoice in our victories of faith through deeper personal spiritual relationships.

In the months of September and October we will be journeying through the book *Sing! How Worship Transforms Your Life, Family, and Church* for our small group discussions. Our *Sing!* small group is about worshiping our Heavenly Father through song. This is your chance to try out a small group with a fun topic. JOIN IN!

Did you know... there is a small group on Facebook for those who are unable to physically attend a local group.  @NACUSALinked

"Can I get access to webcasted services?"

NAC USA Online broadcasts one service per time zone and one Spanish service. The reasons for viewing broadcasted services on NAC USA Online include:

- Congregations with few or no altar servers
 - Linked Members and/or shut-ins
- If these members cannot experience the true fellowship and community only felt through actual presence at a divine service, they can at least hear the preached Word.

For all other members or guests, actually being in a divine service is what we offer and what we encourage.

Respond to the call to serve...

As disciples, we are discovering, developing, and engaging the gifts the Lord has given us.

What are your gifts? How are you using them to serve the Lord by serving your congregation and neighbor?
